

MISSOURI NOTICE FORM

Notice of Psychologist's Policies and Practices to Protect the Privacy of Your Patient's Health Information

THIS NOTICE DESCRIBES HOW PSYCHOLOGICAL AND MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

I. Uses and Disclosures for Treatment, Payment, and Health Care Operations

I may use or disclose your *protected health information (PHI)*, for *treatment, payment, and health care operations* purposes with your *consent*. To help clarify these terms, here are some definitions:

- “*PHI*” refers to information in your health record that could identify you.
- “*Treatment, Payment, and Health Care Operations*”
 - *Treatment* is when I provide, coordinate or manage your health care and other services related to your health care. An example of treatment would be when I consult with another health care provider, such as your family physician or another psychologist.
 - *Payment* is when I obtain reimbursement for your healthcare. Examples of payment are when I disclose your PHI to your health insurer to obtain reimbursement for your health care or to determine eligibility or coverage.
 - *Health Care Operations* are activities that relate to the performance and operation of my practice. Examples of health care operations are quality assessment and improvement activities, business-related matters such as audits and administrative services, and case management and care coordination.
- “*Use*” applies only to activities within my office, such as sharing, employing, applying, utilizing, examining, and analyzing information that identifies you.
- “*Disclosure*” applies to activities outside of my office, such as releasing, transferring, or providing access to information about you to other parties.

II. Uses and Disclosures Requiring Authorization

I may use or disclose PHI for purposes outside of treatment, payment, or health care operations when your appropriate authorization is obtained. An “*authorization*” is written permission above and beyond the general consent that permits only specific disclosures. In those instances when I am asked for information for purposes outside of treatment, payment or health care operations, I will obtain an authorization from you before releasing this information. I will also need to obtain an authorization before releasing your psychotherapy notes. “*Psychotherapy notes*” are notes I have made about our conversation during a private, group, joint, or family counseling session, which I have

kept separate from the rest of your medical record. These notes are given a greater degree of protection than PHI.

You may revoke all such authorizations (of PHI or psychotherapy notes) at any time, provided each revocation is in writing. You may not revoke an authorization to the extent that (1) I have relied on that authorization; or (2) if the authorization was obtained as a condition of obtaining insurance coverage, law provides the insurer the right to contest the claim under the policy.

III. Uses and Disclosures with Neither Consent nor Authorization

I may use or disclose PHI without your consent or authorization in the following circumstances:

- *Child Abuse* – If I have reasonable cause to suspect that a child has been or may be subjected to abuse or neglect, or if I observe a child being subjected to conditions which would reasonably result in abuse or neglect, I must immediately report such information to the Missouri Division of Family Services. I must also report sexual abuse or molestation of a child under 18 years of age to Family Services. I may also report child abuse or neglect to a law enforcement agency or juvenile office.
- *Adult and Domestic Abuse* – If I have reasonable cause to suspect that an eligible adult (defined below) presents a likelihood of suffering physical harm or is in need of protective services, I must report such information to the Missouri Department of Social Services.

“*Eligible adult*” means any person 60 years of age or older, or an adult with a handicap (substantially limiting mental or physical impairment) between the ages of 18 and 59 who is unable to protect his or her own interests or adequately perform or obtain services which are necessary to meet his or her essential human needs.

- *Health Oversight Activities* – The Missouri Attorney General’s Office may subpoena records from me relevant to disciplinary proceedings and investigations conducted by the Missouri State Committee of Psychologists.
- *Judicial and Administrative Proceedings* – If you are involved in a court proceeding and a request is made for information about your diagnosis or treatment and the records thereof, such information is privileged under state law, and I will not release information without written authorization from you or your personal or legally-appointed representative, or a court order. The privilege does not apply when you are being evaluated for a third party or where the evaluation is court-ordered. I will inform you in advance if this is the case.

- *Serious Threat to Health or Safety* – When I judge that disclosure is necessary to protect against a clear and substantial risk of imminent serious harm being inflicted by you on yourself or another person, I must disclose your relevant confidential information to the appropriate professional workers, public authorities, the potential victim, his or her family, or your family.
- *Workers' Compensation* – If you file a worker's compensation claim, I must permit your record to be copied by the Missouri Labor and Industrial Commission or the Division of Worker's Compensation of the Missouri Department of Labor and Industrial Relations, your employer, you and any other party to the proceedings.

IV. Patient's Rights and Psychologist's Duties

Patient's Rights:

- *Right to Request Restrictions* – You have the right to request restrictions on certain uses and disclosures of protected health information. However, I am not required to agree to a restriction you request.
- *Right to Receive Confidential Communications by Alternative Means and at Alternative Locations* – You have the right to request and receive confidential communications of PHI by alternative means and at alternative locations. (For example, you may not want a family member to know that you are seeing me. On your request, I will send your bills to another address.)
- *Right to Inspect and Copy* – You have the right to inspect or obtain a copy (or both) of PHI in my mental health and billing records used to make decisions about you for as long as the PHI is maintained in the record. I may deny your access to PHI under certain circumstances, but in some cases, you may have this decision reviewed. On your request, I will discuss with you the details of the request and denial process.
- *Right to Amend* – You have the right to request an amendment of PHI for as long as the PHI is maintained in the record. I may deny your request. On your request, I will discuss with you the details of the amendment process.
- *Right to an Accounting* – You generally have the right to receive an accounting of disclosures of PHI. On your request, I will discuss with you the details of the accounting process.
- *Right to a Paper Copy* – You have the right to obtain a paper copy of the notice from me upon request, even if you have agreed to receive the notice electronically.

Psychologist's Duties:

- I am required by law to maintain the privacy of PHI and to provide you with a notice of my legal duties and privacy practices with respect to PHI.
- I reserve the right to change the privacy policies and practices described in this notice. Unless I notify you of such changes, however, I am required to abide by the terms currently in effect.
- If I revise my policies and procedures, I will let you know of such a change at your next appointment following the revision.
